Fusion Bar Q XII

LEDBAR012

Featuring 12 x 14W RGBW LED pixels the Fusion Bar Q XII is a bright and punchy fixture capable of producing deep and saturated colours. Different personality types allow for easy control of the fixture as well as advanced control over the 12 pixels. With a robust diecast aluminium body making it perfect for production houses, it also features mounting brackets for the unit to be both flown as well as set on the ground.
