

LED Fresnel RGBAL DMX Zoom

LEDFRE117

The LED Fresnel RGBAL DMX Zoom is a versatile fixture with a powerful 200W COB LED with RGBAL colour mixing allowing for an expansive colour palette. A CCT range from 2700K to 10,000K makes it a great fixture to replace incandescent fixtures as well as being appropriate for camera applications being supported by selectable PWM frequencies. The DMX zoom allows for easy focusing and adjustment with a wide range of 15° to 45°. CCS colour consistency control technology allows for colour matching to be done easily with other compatible fixtures in the Silverstar range.

Specifications

Optical System

Lamp Source	200W RGBAL
Beam Angle	15° to 45°
CRI	>90
CCT	2700K to 10,000K

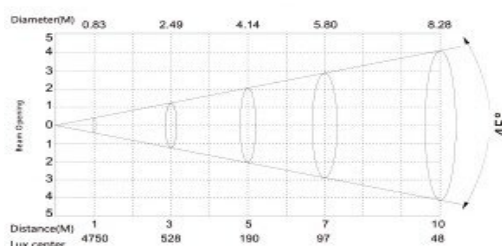

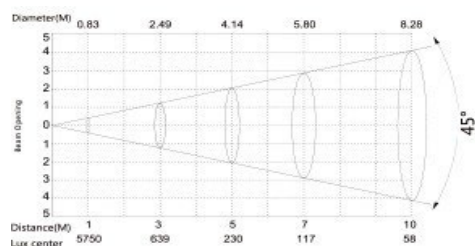

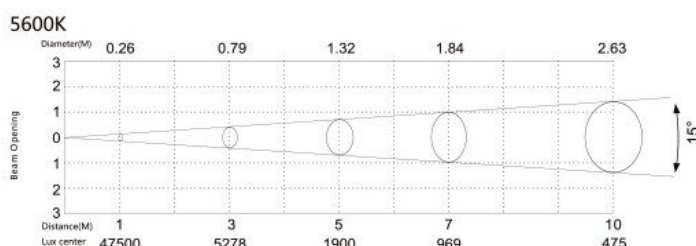

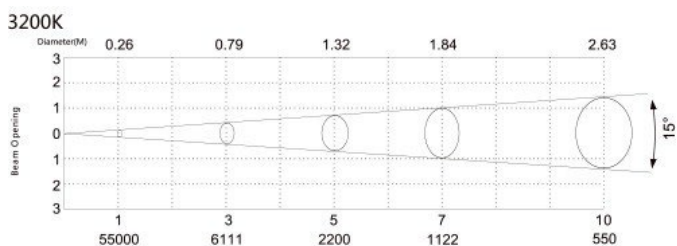

Electrical Specifications

Voltage	100 – 240VAC 50/60Hz
Max Power	240W
Power Connection	PowerCon In/Out
Signal Connection	3/5pin DMX In/Out

Work Environment

Ambient Temperature	0°C to 45°C
IP Rating	IP20

Photometrics

Control System

Dimmer	0 to 100% 16-bit
Cooling	Forced Convection
Control	DMX512, RDM
Display	On board control
Personality	HSIC(8), SSP(9), Tour(13), TR16(19)

Appearance

Size	417 x 286 x 260mm
Weight	7.6kg
Casing	Die-cast aluminium
Colour	Black

Accessories
