LED TRUSS MATE

LEDTRU101

The ProShop Truss Mate is a perfect fit for the extremely popular F33 Tri-Truss and all truss models upwards.

Mate was designed to be inconspicuous but have a clean and powerful narrow output, using three 3w Tri-Colour LEDs. The Truss Mate has both M10 and M12 threads making it easy to rig to truss in three different positions. The ProShop Truss Mate also comes with a IR remote which makes it ideal for applications where DMX control is not desired.
